

HIGH PERFORMANCE COMPRESSOR OILS

NYCOLUBE 3000 series

NYCOLUBE 3000 series includes fully synthetic compressor oils based on neopolyol esters or PAO/ester blends. They contain carefully selected additives to maximize their performance.

NYCOLUBE 3000 series lubricants provide very good oxidation stability, low volatility and excellent lubricity, whilst showing very little propensity to deposit formation. They are suitable for the very demanding lubrication of high discharge temperature reciprocating air compressors, as well as rotating compressors and turbochargers.

NYCOLUBE 3000 series compressor oils deliver high performance, showing excellent cleanliness and unmatched durability in high temperature conditions.

Summary of NYCOLUBE 3000 series

	Designation	ISO VG	Viscosity @ 40°C mm ² /s	Viscosity @ 100°C mm ² /s	Viscosity Index	Pour Point °C	Flash Point COC	Main applications
Neopolyol ester based	Nycolube 3030	32	31	5.8	130	-39	250	Screw compressors
	Nycolube 3040	46	50	7.4	110	-39	274	Screw compressors
	Nycolube 3050	68	68	8.6	97	-42	262	Screw, rotary vane, reciprocating compressors
	Nycolube 3060	100	93	10	88	-30	264	Screw, rotary vane, reciprocating compressors, ABB turbochargers
PAO/ester based	Nycolube 3450	68	69	10.7	144	-51	260	Screw compressors
